

# Washington DC

---

**Local requirements** All food establishments must have a certified food protection manager on the premises at all times. After passing a food safety examination, present the original certificate with test scores to the Food Protection Division for Certified Food Manager's Identification Card issued by the Department of Health. For additional questions regarding the Food Protection Division please contact (202) 535-2180.

None for certification; 2 hours minimum for recertification.

ServSafe, NRFSP, and Prometric exams approved

Certification renewal every 3 years.
